BRG respectfully submits that the professional services that it rendered on behalf of the Committee were necessary and have directly benefited the creditor constituents represented by the Committee and have contributed to the effective administration of these cases.

14. BRG submits that the interim fees applied for herein for professional services rendered in performing services for the Committee in this proceeding are fair and reasonable in view of the time spent, the extent of work performed, the nature of the Debtors' capitalization structure and financial condition, the Debtors' financial accounting resources and the results obtained. BRG's fees typically are based on the actual hours charged at BRG's standard hourly rates, which are in effect when the services are rendered.

15. The work involved, and thus the time expended, was carefully assigned in light of the experience and expertise required for a particular task.
